ES SELAMU ALEIKUM!

To the Nobles of Medinah

Greetings:

Your potentate with pardonable pride directs attention to the quality, calibre and scope of the interpretative pagentry section of our Ceremonial, not only because he is proud of Medinah's ability to do big things in a big way but also because in doing so the opportunity presents itself to give due credit to the great number of Medinah's Nobles who are thinking continually for Medinah's welfare.

Every active Medinah Noble—those who do things for our entertainment, in fact all of our uniformed units—are entitled to your hearty support as well as that of the Divan and let's tell them; collectively and individually that we applaud their efforts.

Your potentate appreciates the co-operation existing in Medinah and is proud of her achievements.

Potentate

The Thinker

Back of the beating hammer by which the steel is wrought,
Back of the workshop's clamor the seeker may find the thought,
The thought that is ever Master of iron and steam and steel,
That rises above disaster and tramples it under heel.

The drudge may fret and tinker or labor with lusty blows,
But back of him stands the Thinker, the clear-eyed man who knows;
For into each plow or saber, each piece and part and whole,
Must go the brains of labor, which gives the work a soul.

Back of the motors humming, back of the bells that ring,
Back of the hammer's drumming, back of the cranes that swing,
There is the Eye which scans them, watching thru stress and strain,
There is the Mind which plans them—back of the brawn, the Brain.

Light of the roaring boiler, force of the engine's thrust,
Strength of the sweating toiler, greatly in these we trust;
But back of them stands the schemer, the Thinker who drives things thru,
Back of the job—the Dreamer, who's making the dream come true.

—*From "Songs of the Workaday World."*

Medinah Temple Pilgrimage

TO THE

51st Annual Session—Imperial Council, A. A. O. N. M. S.

Los Angeles, California, June, 1925

The De Luxe Medinah Special trains will consist of two dining cars, one buffet baggage car, one full observation car, and compartment, drawing room and open section sleeping cars—electric lighted throughout and providing so many features of comfort and convenience that they will be veritable hotels on wheels. The six special trains will be equipped with picked train crews, porters, dining car stewards and waiters.

Two separate return routes have been planned and are outlined in following schedules: The going trip is the same for all trains and return routes (No. 1 and No. 2) are the same from Los Angeles to San Francisco.

A cordial invitation is extended to all of the Nobility, their families, and friends, to join these special trains de luxe, and accompany the officers and units of Medinah Temple to this great gathering of Shrinedom which will be held in California's magic city—Los Angeles.

Many stops will be made on the going and return trip, and many interesting "stunts" will be staged for our entertainment. At Cheyenne, a special Frontier Day will be staged and the program will include contests illustrating the work and play of cowboys, such as, roping, riding outlaw bronchos, bull-dogging steers, and many other thrilling equestrian feats. At Salt Lake City, a trip will be taken around the city, visiting places of interest in the early history of the Mormons. During our stay in Los Angeles there is much to see and do, and many will, no doubt, want to visit famous Hollywood.

On the return trip from Los Angeles to San Francisco, our route is via the Coast Line and for over 150 miles we will enjoy the beautiful scenery bordering the blue Pacific. The stopover at San Francisco will be filled with interesting events and will include a visit to the famous hospital for deformed children, which is supported entirely by members of the various Temples throughout the United States.

All reservations for space on the Los Angeles Imperial Council Pilgrimage, June 2nd, 3rd and 4th, 1925, must be arranged for at the Chicago & North Western Railway City Ticket Office. corner Clark and Adams Streets.

Route No. 1 (Red, White, and Blue Specials)—Members joining this tour will return through Sacramento, Reno, and across Great Salt Lake, where we enjoy the novel sensation of going-to-sea-by-rail. From Ogden, traveling via the D. & R. G. W. R. R., we cross the Rocky Mountains through the state of Colorado, stopping off at Glenwood Springs to enjoy a plunge in the Springs. Tennessee Pass and the famous Royal Gorge will be passed by daylight. A full day will also be spent in sightseeing at Denver, the mile high city.

Route No. 2 (Orange, Green, and Brown Specials)—Those returning via this route will travel north from San Francisco passing Mt. Shasta, which will be in sight nearly the entire day. At Portland, the Rose City, we will have an entire day for sightseeing and an automobile trip will be arranged over the Columbia River Highway to Multnomah Falls. Another day will be spent in Seattle, famous for its scenery and short tours into the surrounding country. A few hours will be spent in Vancouver, the largest city in British Columbia. From this point we begin the journey eastward via the Canadian Pacific, passing through the wonderful Canadian Rockies. A day will be spent at Lake Louise, "Pearl of the Canadian Rockies." From the hotel many side trips can be made into the mountains. After dinner at the chateau the evening will be spent in dancing. A day will also be spent at Banff, another place of unusual interest, famous for its hot sulphur and fresh water bathing pools. Trips into the adjacent mountains or a game on the golf course will occupy the day, and dancing will provide the evening entertainment. After leaving Banff, we cross the great prairie provinces of Saskatchewan and Alberta, crossing over into the United States, passing the famous Twin Cities, Minneapolis and St. Paul, thence across the Badger State to Chicago, where good-byes are said and the famous pilgrimage of 1925 passes into history.

How many men know Twenty-Two Thousand other men even well enough to recognize them by their faces, let alone call them by name! Probably no one man in your acquaintance is so fortunate-Medinah's membership is that large. Therefore, you are requested, at the next Ceremonial, to introduce yourself to your next-seat Noble whether you think you know him or not. Be "dead sure" the Noble on your left and on your right knows you and you know him. You are akin and can't afford not to know each other.

It is the desire and intention of the Committee to see that full recognition and proper entertainment is provided the *Bands, Patrols and Chanters*, this from the fact that these organizations are the life, the display and the pomp of the Imperial Council meetings, and also for the reason that the members of these organizations give so much of their time to rehearsing, parading, etc. A trip to Catalina Island, and also a trip through the Orange Groves will be provided for them. However, because of the large number of men in these units, it will be impossible to move all of the organizations in less time than three days. A portion of the *Bands, Patrols and Chanters* attending this Imperial Council session will be taken to Catalina Island on a special chartered boat, and another portion will be taken on the Pacific Electric Railway through Orange Groves of Southern California. These trips will take place on Monday, Wednesday and Thursday. Proper details and division of the organizations will be made as early as possible.

Medinah Motor Club, Inc.

ORGANIZATION

The Medinah Motor Club was organized in 1917 by a number of the prominent members of Medinah Temple, A. A. O. N. M. S. who were prompted by the spirit of good fellowship to organize the motorists of Medinah Temple into a body for the purpose of promoting the social features of the Shrine and to aid the Potentate and Officers of Medinah Temple in the Entertainment of Visiting Nobles during their stay in Chicago.

MEMBERSHIP

Its membership is limited to members of Medinah Temple, the dues are $2.00 per year. The Official Radiator Emblem of the Club can be had upon application to the Secretary. The cost of this Emblem is $2.00 and it is issued to members of the Club only. The Club also has a uniform Club Banner or Road Marker, Pennant and Flag, which are very useful and necessary on Club runs and may be had from the Secretary's office at cost of $1.25.

CLUB RUNS

Several Sunday Club runs are held during the summer months to places of interest near Chicago and neighboring cities; on these Club runs our Pilot Car leads the way and a mechanic and car brings up the rear to take care of any motor or other trouble that might occur. On these runs many members take with them, a basket lunch, usually the runs are to a place where it is possible to have meals served to those who do not desire to take a lunch with them.

The Club does not maintain any mechanical first aid, touring information, legal advice, insurance or other features usually connected with automobile clubs. The Secretary's office, however, will be glad to give such information as it has on these subjects to any of our members, upon request.

The Club is anxious to enroll among its membership every member of Medinah Temple who owns and drives an automobile —the expense is nominal, the pleasures and benefits are large, and we hope to see all of the motor car owners of Medinah Temple members of the Medinah Motor Club.

An Open Letter to Medinah Nobles

from

ARTHUR H. VINCENT

Nobles:

There is in the making a very unusual, and figuratively speaking, small oasis that is rapidly taking unto itself splendid form.

This new oasis in the Great Chicago Desert is the Medinah Country Club, located West of Chicago and about mid-way to Elgin.

This project, while tied to us in name only, has wonderful potential possibilities for the good of Medinah Temple.

I see in it an opportunity for spreading Medinah's fame as "host-extra-ordinary" to the nobility of North America.

I think I see in its membership a tremendous force capable of broadening the acclaim when Medinah Temple and her nobles are being spoken of, etc. etc.

And, therefore, to those Nobles who are, as yet, not thoroughly familiar with the project - its purpose and policy - those who are interested in recreation in "the great out-of-doors" - and the joys of commingling with kindred souls, may I suggest that you ask for more information about this growing institution, knowing when you do so that while there is no connection of this club with Medinah Temple, there is a requirement for membership that all who join must be Shriners, and measure up to their requirements.

Yours in the faith,

Arthur J. Duncan
